Postings for:

Forestry Technicians and Professionals

These permanent positions are for highly motivated individuals willing to work within the close knit team of Results Based Forest Management Ltd (RBFM) based out of Powell River. RBFM has been providing forestry management, engineering, timber cruising, silviculture services, recreational services and contract management to various clients in the Sunshine Coast and Vancouver Island region for the past nine years.

RBFM is seeking Forestry Technicians and Professionals:

The preferred candidates will possess the following qualifications:

- Technical Diploma or Bachelors Degree in Forestry
- Registered or eligible to register with ABCFP
- Be competent and efficient with computers
- Individuals must have a valid drivers license
- be familiar with government legislation and regulations
- possess excellent communication and organizational skills.
- be a motivated self starter, able to work independently with minimal supervision.

Ideal candidates will have well rounded experience in all fields of forestry. As a small consulting company, employees are required work for multiple clients (woodlots, community forests, major licensees, and ministries) providing a variety of services (engineering, timber cruising, silviculture services, etc).

Individuals must be physically fit, self-motivated and willing to work flexible shifts. Positions are based out of Powell River and there will be some travel and camp shifts.

RBFM offers an extensive employee benefit package and competitive salaries commensurate with candidate's abilities.

Qualified candidates should e-mail resumes as soon as possible as positions need to be filled quickly. RBFM would like to thank all applicants, and only those selected for an interview will be contacted.

Please forward your resumes to:
