Senior Multiphase Field Technician

An Exciting Opportunity to Join an Industry Leader

TECO Natural Resource Group Limited (*formerly Timberline Natural Resource Group*) is the industry leader of environmental management consulting and we specialize in the practice areas of Carbon, Community, Ecology, Energy, Forest, Land and Technology.

Our DNA is the expert staff, proven methods and focused approach we employ every day to provide innovative and useful solutions for our customers.

We are inviting applications for a **full-time Senior Multiphase Field Technician** to become an integral part of the Forest Operations team and lead multiphase forest development work in the Prince George area.

The primary responsibilities for this role are:

- Assist in the delivery of forest multiphase development projects;
- Assist with staff supervision, including training
- Direct responsibility for meeting production, quality and cost targets or requirements in a safe and environmentally responsible manner;
- Effective and efficient implementation of all project work, including assisting with work scheduling and the allocation of resources;
- Compliance with Teco's OH&S System.

Interested? Submit your resume now!

If you feel you have the right qualifications and experience for one of these exciting opportunities, we would like to hear from you. Please submit a cover letter along with an up-to-date resume to careers@tecogroup.ca.

We thank all candidates for their interest but regret that only those selected for interview will be contacted.

Qualifications Needed to Succeed in this Role

- ☑ An undergraduate degree or post-secondary diploma in Forestry, Natural Resource Management or Environmental Management.
- ☑ A broad range of experience (at least 3 years) within the forest industry, with a focus on layout and multiphase development experience.
- ☑ Valid BC Driver's License, experience with ATVs and Snowmobiles.
- ☑ An aptitude for outdoor fieldwork in challenging conditions.
- ☑ Familiarity with forestry technological tools and computer software.
- ☑ Working knowledge of the applicable forest legislation, regulations, and policies.
- ☑ Recent safety training certificates in First Aid, defensive driving, WHMIS, H2S Alive, bear awareness, ATV/snowmobile rider safety, are to be considered assets.
- ☑ Eligibility for registration with the ABCFP is preferable

Remuneration will be commensurate with qualifications and experience.

Working at TECO

TECO is an employee owned company. We offer comprehensive group medical benefits, a defined-contribution retirement plan, ongoing educational opportunities and the chance to purchase shares.

Our work with a variety of Canadian and international clients provide continual opportunities for growth. We invest in our employees through training and development, attendance at workshops and conferences, and memberships in various professional organizations. We encourage a healthy balance between work and personal time.
