

**Alternative Forest Operations Ltd** has two exciting positions available for hard working and innovative people looking to join our team. Our dynamic team provides specialized services to the BC forest industry including 'Single stem" helicopter logging, harvesting timber in highly sensitive sites, 'Skyline' logging using motorized carriages, Forest fire fighting, and Wind-firring trees. Safety, integrity and innovation are core values and we are Safe Certified by the BC Forest Safety Council. Our website: [www.heli-log.com](http://www.heli-log.com)

All interested applicants please forward your resume to [admin@heli-log.com](mailto:admin@heli-log.com)

### ***Registered Forest Technician (RFT)***

Our ideal candidate is a well motivated self starter. You have a commitment to safety with a proven track record. You have experience using GPS technology to navigate and collect data as well as Softree's program 'RoadEng' and ESRI's 'ArcView'. Experience in all variations of Helicopter Layout is an asset. You have a minimum of 5 years experience with all aspects of permit applications and are in good standing with the Association. The position offers a flexible work schedule as camp work is expected. A class 5 unrestricted drivers' licence and First Aid Level 1 with a Transportation Endorsement is a minimum expectation for employment. Applicants must be physically fit and experienced working in Coastal Forests.

### ***Accredited Timber Cruiser (ATC)***

Working with the RFT you will be an integral part of the team. You have a minimum of 5 years experience in the coastal forest industry. You have a commitment to safety with a proven track record. Experience in Single Stem cruising is an asset. The position offers a flexible work schedule with camp work expected. A class 5 unrestricted drivers' licence and First Aid Level 1 with a Transportation Endorsement is a minimum expectation for employment. Applicants must be physically fit and experienced working in Coastal Forests.
