

Roy Northern Land and Environmental provides a wide range of environmental services in the oil & gas, forestry and municipal sectors throughout the Peace region of Alberta and British Columbia. The following opportunity exists at our Fort St. John office:

FOREST PROFESSIONAL: Working both independently and in a team environment, you will have the ability to conduct a timber cruise, have a working knowledge of BC forest regulations, prepare and submit Interior Stumpage Rate Request Forms, work with a GIS system to be able to submit digital shape files into the government database via electronic submission format, and the ability to complete Occupant License to Cut applications. You will have graduated from an accredited Forestry program and have a minimum of two years related experience; possess a valid driver's license, Standard First Aid and CPR, ATV Safety training and H2S Awareness, as well as snowmobile experience. You must be registered with the ABCFP as either an FIT or RFT. This position will involve long hours in the field during all seasons. As well the position involves Forest, Soils and Stream assessments.

If interested in this challenging position with a competitive compensation and benefits package, candidates are invited to submit a cover letter and resume to blittle@roynorthern.com or drop off a resume at Roy Northern Land and Environmental at 207, 10139-100th Street, Fort St. John. Attn: Sacha Plotnikow

We would like to thank you in advance for your submission, however, only those candidates under consideration will be contacted.
