1. What is the trigger that caused this technical review?

--

2. List two of the most significant types of work products within the reviewee's area of professional practice or job responsibilities, or one type of work product if the reviewee has a limited area of professional practice.

--

3. List the technical standards which apply to each work product.

--

4. Provide comments about the following:

- Is the work product consistent with the technical standards that apply to that work product?
- Is the work product consistent with the extent of the reviewee’s education, training and experience as per Bylaw 6.1.1 and 6.1.2?
- Are professional work products signed and sealed/stamped as per applicable sections of Bylaw 10?
- Are professional work products consistent with applicable sections of the Code of Ethics (Bylaws 11.3, 11.4, 11.5 and 11.6)?
- Is the professional work product consistent with Bylaw 12.2.1 (Knowledge Standard), 12.2.2 (Completeness and Correctness Standard) and 12.2.3 (Professional Care Standard)?
- Is the professional work product consistent with the other applicable Standards of Professional Practice (Bylaws 12.3, 12.4, 12.5, 12.6 and 12.7)?

5. If applicable, provide comments about results and follow-up actions of any audits which affected the reviewee’s professional practice.
